

### **Box Ideas:**

**It can be totally Valentiney, but it does not have to be. You can also...**

**Think of a theme like; sports, animals, books, fairy tales, robotics, etc.**

**Use interesting materials, be creative and have fun.**

You can fix up and add to an old Valentine box, but you must make some changes or additions---update it!

Note: Plan ahead using your grid paper. The plans paper should be **neatly drawn**. They should come in with your box on the 11<sup>th</sup>. **Measure carefully**. The measurements should match those of your actual box.

You may ask your parents for advice and some support but remember this is YOUR project! **YOU CAN DO IT!**

**You will also need to come up with an appropriate name for your box. You will be sharing your box with the class and explaining the surprise element.**
